

Notice of Application to Dispose of Dredge Materials

Notice is hereby given that Small Craft Harbours of 200-401 Burrard Street, Vancouver B.C. V6C 3S4 intends on the 11th day of October 2019 to apply to Environment and Climate Change Canada for a Disposal at Sea Permit under the Canadian Environmental Protection Act, 1999, to load 6,800 m³ of dredged sediment material at load site Port Simpson Small Craft Harbours Entrance Channel (54.561364° , -130.429957°) to dispose of at sea at Tsimpsean Peninsula (54.578670° , -130.440289°) by the following method clamshell dredge and towed scow. Dredging activities are planned to maintain access to the Port Simpson Small Craft Harbour.

It is proposed that loading and disposal activities will begin on December 14, 2020 and will terminate on December 13, 2021.

For further information regarding these activities, please contact: Matt Beveridge, Hemmera Envirochem (4730 Kingsway, Burnaby, B.C.), 604-669-0424.

The public may raise environmental concerns related to this notice or obtain information on the permitting process by contacting the nearest Disposal at Sea Program regional office
