

# Community Interviews for Dundas Island Group Coastal Wolf Study

## We want to hear from you!

We want to gather information about the wolves that live at Lax Kwaxl/Dundas & Melville from knowledge holders, harvesters and concerned community members

As mentioned on the original fact sheet posted to Lax Kw'alaams website July 2021.

<https://laxkwalaams.ca/dundas-island-group-coastal-wolf-study-july-2021-october-2021/>

Lax Kw'alaams Band, Metlakatla First Nation and BC Parks have collaborated on a project centered on wolves that live at Lax Kwaxl/Dundas and Melville Islands conservancy. The study focused on gathering information about the wolf population, diet, denning, breeding sites and their interactions with people.

Thank you for your interest in the project!

To schedule an interview, please reach out to [Valeen\\_Knott@laxband.com](mailto:Valeen_Knott@laxband.com) or call 250-627-5733.
